Mr. Stephen Faucette, Managing Director
Christian Communications Association Ltd.
P.O. Box 31481
Grand Cayman KY1-1206

VIA EMAIL: STEPHEN.FAUCETTE@HEAVEN97.COM

Dear Stephen:

RE: EQUIPMENT RELOCATION

Further to our communications, this letter serves to advise that Caycom Ltd. has no objection to Christian Communications Association Ltd., leasing space on our tower in Savannah Newlands for their broadcasting equipment, provided that our Structural Engineer authorises the addition of this equipment on our tower.

The structural analysis will take approximately two weeks to complete. The outcome of this analysis will determine whether Caycom Ltd. is able to formally enter into a lease with Christian Communications Association Ltd.

I understand the urgency of the situation; however, protecting the structural integrity of our tower is of utmost importance. In the interim, if you need anything further, please feel free to contact me.

Sincerely,

Katherine Briggs
