Cayman Islands, KY1-1112

Dear Mr. Diamond,

Re: dms Broadcasting Ltd – Renewal of ICT Licence

Receipt of your second letter of today's date regarding the renewal of dms Broadcasting Ltd.'s ("dms") licence is acknowledged.

The letter sent by the Authority to dms Broadcasting Ltd. earlier this afternoon clearly states that the determination made by the Authority on 1 October 2009 is in fact a renewal of the dms licence, albeit on different terms than those proposed by dms in its licence renewal application. This decision is not, and cannot logically be, an amendment to dms' 2004-2009 licence as this licence has expired.

Accordingly, the Authority considers that section 78 does not apply in this case. dms therefore is to cease operation of Cayrock as of 11:59pm today.

Should you have any questions, please do not hesitate to contact me at (345) 746-9600.

Yours sincerely,

David Archbold
Managing Director
