Mr. David Archbold  
Managing Director  
Information, Communication & Technology Authority  
P.O. Box 2502  
3<sup>rd</sup> Floor Alissta Towers  
Grand Cayman

Dear Mr. Archbold,

**Re: Digicel/LIME Interconnection Agreement Dispute – Application to Join Interested Parties**

---

We refer to Determination Request filed by Digicel (Cayman) Limited on December 11, 2009, and in particular to disputes numbered 1, 4 and 5, which relate to the mobile termination rate, the fixed termination rate and the transit rate respectively.

Any determination in respect of interconnect rates in the Cayman Islands will have a significant impact on all ICT Licensees. LIME therefore requests that the other Licensees in the Cayman Islands, namely TeleCayman Limited and Westel Limited be treated as interested parties in accordance with the Authority's powers under Regulation 13 of the Information and Communications Technology Authority (Dispute Resolution) Regulations, 2003, as regards these rate disputes. LIME therefore requests that the Authority send copies of the determination request to those Licensees and require them to file written submissions pursuant to paragraph (2) of that Regulation or to acknowledge in writing that they will accept the application of the Authority's determination to their interconnection agreements with LIME.

LIME further requests that the Authority explicitly state that any determination on rates resulting from this proceeding shall be applied to these other Licensees. From a perspective of administrative fairness, this would make it all the more important that they be treated as interested parties and afforded an opportunity to submit comments.

We look forward to your early consideration of this request.

Yours sincerely,

'Signed'

---

**Anthony Ritch**
