Attention: Mr. David Archbold

The Managing Director
The Information Communications and Technology Authority
P.O. Box 2502
Grand Cayman, KY1-1104
CAYMAN ISLANDS

Dear Sir:

Re: Claim for non disclosure of confidential information contained in letter dated February 2nd 2010 responding to TeleCayman's comments on Determination Request December 11th 2009 – LIME (Cayman Islands) Limited & Digicel (Cayman) Limited.

Digicel (Cayman) Limited has today submitted its response to TeleCayman's comments on its Determination Request of December 11th 2009 and has asked the ICTA not to disclose to the public the information concealed in the redacted version of the letter at paragraph four (4).

We make this claim of confidentiality against TeleCayman and WesTel on the basis that the redacted information falls under Regulation 3(b) of the Information & Communications Technology Authority (Confidentiality) Regulations 2003 being financial and commercial information that is treated consistently in a confidential manner by us and which would not otherwise be publicly available.

This information is directly related to the level of business carried out between the two parties, (Cable & Wireless and us) and details our commercial and financial interests in each other. It is provided to us by Cable & Wireless as part of our interconnect arrangement and under conditions that it is not shared with the public. This information is not material to any dealings with the other ICT providers in the market and if shared with them, gives them information on the strength of our business relationship which may be used to our competitive disadvantage. Only authorized personnel in our billings and carriers services department have sight of this information within the company as it is not even generally shared within the company.

We ask that ICTA does not at any time, publicly disclose this information to any other party other than Cable & Wireless (Cayman Islands) Limited.

Yours sincerely,
Digicel (Cayman) Limited

Victor Corcoran
Chief Executive Officer
