Dear Mr. Archbold,

Digicel hereby requests a two-week extension to the 20 January deadline for response to Cable & Wireless' LRIC costing manual given the delay in receiving soft copies of the fixed and mobile excel models.

Digicel first requested sight of these models on 21 December 2005 but only received these after close of business on 11 January 2006. This effectively has left us with just six business days, to produce an informed response on the consultation, since we received the key modelling information, which is neither practicable nor fair. Had Cable and Wireless volunteered to submit the models much earlier, without the intervention of the Authority, there would have been no need to adjust the timelines.

Given that other parties have previously been granted extensions earlier in this process, Digicel trust that our request can be facilitated on this occasion.

Yours sincerely,

A handwritten signature in black ink, appearing to read "John D. Buckley".

John D. Buckley
Chief Executive Officer
