Dear Mr. Ritch,

Re: Local Number Portability – Extension to Implementation Deadline

I refer to LIME's letter to the Authority of 30 June 2011 asking the Authority to reconsider its refusal (set out in the Authority's 24 June 2011 letter) to extend the LNP implementation deadline.

As LIME will be aware, the Authority must reconsider a decision if asked where such a decision falls within the scope of subsection 78(1) of the ICTA Law. The Authority considers that LIME's reconsideration request does not satisfy the requirements of section 78 (1) of the ICTA Law. Furthermore, LIME has not identified any substantive or procedural reason for reconsidering the refusal to extend the LNP implementation deadline under the Authority's residual power to reconsider decisions not covered by subsection 78(1).

Therefore, LIME's request for reconsideration of the Authority's 24 June 2011 refusal to extend the LNP implementation deadline is refused.

For your information, the LNP Consortium has received an identical response to its request for reconsideration.

Should you have any questions, please do not hesitate to contact me at (345) 746-9600.

Yours sincerely,

[Signed]

David Archbold
Managing Director
