Dear Mr. Archbold,

Re: ICTA Decision 2011-3 – Directions to LIME and Further Process

Cable and Wireless (Cayman Islands) Limited, trading as LIME (“**LIME**”) is submitting the attached documentation detailing each required change to the FLLRIC model, as set forth in ICTA Decision 2011-3, ¶¶ 360-364. The documentation is complete, with the exception of the requested confidential documentation referred to in ICTA Decision 2011-3, ¶ 330, which will be forthcoming within the next few days.

Also attached is a confidential revised version of the FLLRIC model. A redacted version of the revised FLLRIC model will be provided for the public record.

Finally, as directed in ICTA Decision 2011-3, ¶ 365, LIME is proposing a mobile wholesale termination rate of CI\$0.029 per minute. This proposed rate is consistent with the results of the revised FLLRIC model and the Authority’s directives in ICTA Decisions 2008-2 and 2011-3 (namely, to implement an MTR equal to the lesser cost estimate from the 2G and 3G mobile FLLRIC modules).

Please do not hesitate to contact the undersigned if you should have any questions.

Yours faithfully,
Cable and Wireless (Cayman Islands) Limited, trading as LIME

'Signed'
