Dear Mr. Burnstein,

Second Round of Interrogatories regarding LIME's submissions in the FTR and Transit rate Proceeding – CD2012-1

The Information and Communications Technology Authority (the "Authority") is continuing its detailed review of the FLLRIC cost model and materials (including answers to the first round interrogatories) submitted by Cable and Wireless (Cayman Islands) Ltd ("LIME").

In order to continue its analysis, the Authority requires LIME to provide responses to the second round interrogatories in the Attachment. When responding, please repeat the entire question above the corresponding response to each question.

Given the extent of the interrogatories and to help parties to the proceeding effectively plan the availability of resources and to manage their participation in the process, the Authority directs LIME to provide by **1 May 2014** to the distribution list for this proceeding a proposed timetable by which it will provide the responses to each of these interrogatories.

At this time, the Authority is providing the Attachment in confidence to LIME. However, in order to help keep interested parties to this proceeding properly informed, LIME is directed to provide, by **1 May 2014**, a redacted version of the Attachment to the distribution list for this proceeding redacting the portions of the questions that it proposes be treated as confidential.

When submitting revised versions of the FLLRIC cost model, LIME is directed to provide all modules and all linked spreadsheets with fully functional links between them. Further, each spreadsheet and module should be identifiable by a version number.

If LIME has any questions about the contents of these interrogatories, please feel free to contact Vladimir Bulatovic via e-mail at vladimir.bulatovic@icta.ky or telephone at (345) 746-9612.

Yours sincerely,
