Consultation on Broadband Policy for the Cayman Islands**

7 March 2018

The Utility Regulation and Competition Office (**'OfReg'**) is launching a consultation on a proposed Broadband Policy for the Cayman Islands. OfReg considers that a vision and policy for the development of broadband networks and services should be specifically articulated. All interested parties are encouraged to read the document and to submit any comments, with supporting evidence.

The consultation document can be downloaded at www.ofreg.ky.
