Grand Cayman.

Dear Mr. Archbold:

Re: New Number Ranges – Mobile Prepaid

Pursuant to its 10 July 2003 Licence Cable & Wireless (Cayman Islands) Limited ("C&W") is hereby applying to the ICT Authority for new number ranges for its prepaid mobile services, to accommodate its anticipated growth in customer base.

A recent analysis of C&W number ranges assigned for mobile service has revealed that, based on the current trends and terms, the available prepaid numbers will be exhausted in ### (###) ###..

The request comes at this time with consideration to C&W medium to long range plans and marketing strategies but more importantly, the request is being made now to facilitate implementation of the new number ranges by international carriers, who typically take an average of 5-6 months to implement new number ranges in their systems/switches for customers to make and receive calls successfully.

The new number ranges being requested are as follows:

– xxxx

– xxxx

Please contact me should you have any questions.

Yours faithfully,
Cable & Wireless (Cayman Islands) Ltd.

“Signed”
