**Subject:** RE: Broadcast Signal Lab Report on the state of FM broadcasting in Grand Cayman

David,

I confirm that we have read the report and offer no adverse comment to the findings.

On a related matter, I do not remember receiving advice that Radio Cayman was in fact granted permission to increase their 89.9FM Transmit power to 5kW. If this is indeed the case it will have an impact on the infrastructure that is provided by this department, and it would have been good to know this at the time of approval to ensure that no adverse operational impact has been made. Can you say please if they have implemented the increase in power ?

Regards,

KD(Kern) Owens P.Eng  
 Telecommunications Officer

Dear Licensees,

The email below was first sent to you on the 5<sup>th</sup> of March 2008 and requested your input by the 28<sup>th</sup> of March 2008. To date, only Christian Communication Association (Heaven 97 / Gospel 88.7) has filed a submission on the Broadcast Signal Lab report.

The Authority is loath to proceed further with so little input from licensees. Accordingly, the deadline to provide comments has been extended until the **9<sup>th</sup> of April 2008** (the day before the next scheduled ICTA Board meeting, when this item is expected to be on the agenda). You are strongly urged to provide comments before this date. Otherwise, the Authority will be left with no other option but to proceed without your input.

Yours sincerely,

David Laliberte

Dear Licensees,

The Authority has received Broadcast Signal Lab's (David Maxson) 2007 report on the state of FM broadcasting in Grand Cayman. A copy of this report is attached as a pdf attachment.

The Authority welcomes comments from FM broadcasters and tower owners on this final report. The deadline to provide comments is **Friday 28 March 2008**. Your comments will be considered by the Authority, and will form part of the public record of this proceeding without further notification to you. If you wish to file confidential information as part of your submission, please make sure to follow the procedure set out in the Information and Communications Technology Authority Law (Confidentiality) Regulations, 2003, which are posted on the Authority web site at: <http://www.icta.ky/docs/Regs/ICTA-%20Confidentiality%20Regulations.pdf>.

Should you have any question, please do not hesitate to contact me at (345) 746-9610.
