Subject: [*SP* 27%] RE: Call for comments on Digicel reconsideration request for ICT Decision 2010-5 - Digicel/LIME interconnection dispute

Mark,

Due to the fact that the Authority's original email was not delivered to any of the LIME recipients, we were not even aware of this reconsideration request until the matter was raised by the Authority in a verbal discussion yesterday.

The email was only successfully forwarded directly to me yesterday and I have since passed it on to all of the LIME staff in the distribution list.

As per my email of last evening, I would once again like to state that LIME has initiated a full investigation into this matter given that this is not the first instance of delivery failures when similarly distributed messages have been sent by the Authority.

In light of this technical failure which resulted in LIME having no notice of this request prior to yesterday, May 25th, LIME hereby requests an extension for its response and proposes an extension for Digicel's reply as follows:-

1. An extension to May 28th for LIME to provide a response on this matter
2. An extension to June 2nd for Digicel to file a reply to any comments given that their original deadline was May 28th

Thank you very much for your consideration.

Kind Regards,

Tony

Subject: Call for comments on Digicel reconsideration request for ICT Decision 2010-5 - Digicel/LIME interconnection dispute

To: Digicel/LIME Interconnection Dispute distribution list

The Authority has received the attached 13 May 2010 Digicel application for reconsideration of certain matters addressed in ICT Decision 2010-5, "Decision in Digicel Determination Request related to Digicel/LIME Interconnection Agreement Dispute".

Pursuant to subsection 78(4) of the ICTA Law, a decision must be rendered on the reconsideration application no later than **10 June 2010**. In order to meet this deadline, the Authority sets the following schedule:

- o Parties, other than Digicel, may file comments on Digicel's application by no later than **24 May 2010**;
- o Digicel may file a reply to any comments received, by no later than **28 May 2010**.

All submissions filed in this proceeding should be copied to the other parties at the same time they are submitted to the Authority. If any information is filed in confidence with the Authority, it must be done so in accordance with the ICTA Confidentiality Regulations.

The Authority will not formally acknowledge comments. It will, however, fully consider all submissions and they will form part of the public record of the proceeding, provided that the procedures for filing set out above have been followed.

Mark Connors
