SCHEDULE 1

PROCEDURE OF THE BOARD

1. The Governor in Cabinet shall appoint one of the directors to be the Chairman of the Board, and the Managing Director shall, *ex officio*, be Secretary of the Board.
2. The validity of any meeting of the Board shall not be affected by any vacancy in the directorship of the Board or by any defect in the appointment of any director, or by reason that any individual, not entitled to do so, took part in the meeting.
3. The Board shall meet at least four times each year and at such other times and at such places as the Chairman considers necessary or expedient for the transaction of the business of the Authority.
4. The Chairman may, at any time, call a special meeting of the Board and shall call a special meeting of the Board within fourteen days of receipt of request for that purpose addressed to him in writing and signed by any two directors.
5. In the absence of the Chairman, the directors present shall elect from their number a director to preside at the meeting of the Board.
6. (1) At every meeting of the Board, a quorum shall consist of a majority of the appointed directors, and decisions shall be adopted by a simple majority of the votes of the directors present and voting except that in the case of an equality of votes the Chairman shall in addition have a casting vote.

(2) Members of the Board or any sub-committee of the Board may participate in a meeting of the Board or of the sub-committee by means of a conference telephone or similar communications equipment where such equipment allows all persons participating in the meeting to hear each other at the same time, and participation by such means shall constitute presence in person at the meeting of the Board or sub-committee.
7. The Board shall have power to-
 - (a) act by sub-committee; and
 - (b) delegate any of its daily administrative duties and powers from time to time to such sub-committees and to any of their own number and to the officers, servants and agents of the Authority,

except that where the Board sets up a sub-committee which consists of members other than directors, officers or servants of the Authority, it may only act or delegate its duties or powers to such sub-committee with the approval of the Governor in Cabinet.

8. The decisions, resolutions, orders, policies and rules made by the Board shall be recorded in the minutes and kept by the Secretary to the Board, and the Board shall cause any decision, resolution order, policy or rule which affects the members of the public to be published in the Gazette, in a website or in a newspaper of the Islands.

9. The Board may invite any person to attend any meeting of the Board where the Board considers it necessary to do so, but that person shall not vote on any matter before the Board.

10. Subject to this Schedule, the Board may regulate its own procedure, and may delegate to any director power and authority to carry out on behalf of the Board such duties as the Board may determine.

11. If a director has any pecuniary interest, direct or indirect, in any matter before the Authority in which his private capacity conflicts with his duties as a director and which matter is a subject of consideration by the Board, the director shall, as soon as practicable after becoming aware of the interest in the matter, disclose his interest to the chairman.

12. A person who fails to comply with paragraph 11 is guilty of an offence and liable on summary conviction to a fine of twenty thousand dollars and to imprisonment for two years, or on conviction on indictment to a fine of fifty thousand dollars and to imprisonment for five years, unless he proves that he did not know that the matter in which he had a pecuniary interest was the subject of consideration by the Board.

13. (1) For the purposes of paragraph 11, a director shall be treated as having an indirect pecuniary interest in a contract, proposed contract, licence or other matter if -

- (a) he or any nominee of his is a member of a company or other body which has a direct or indirect pecuniary interest in the contract, proposed contract, licence or other matter under consideration;
- (b) he is a partner, or in the employment of a person with whom the contract was made or is proposed to be made, or who has a direct or indirect pecuniary interest in the contract, proposed contract, licence or other matter under consideration; or

- (c) he or any partner of his is a professional adviser to a person who has direct or indirect pecuniary interest in a contract, proposed contract, licence or other matter under consideration.

(2) In the case of married or co-habiting persons the interest of one spouse or co-habitant shall be deemed for the purpose of paragraph 11 to be also the interest of the other.

14. (1) The Governor in Cabinet may, subject to such conditions as he may think fit, appoint persons to act as directors for any specified period in any case in which the number of directors disabled by paragraph 11 at any one time would be so great a proportion of the whole as to impede the transaction of business by the Board.

(2) Nothing in paragraph 11 precludes any director from taking part in the consideration or discussion of, or voting on, any question whether an application should be made to the Governor for the exercise of the powers conferred by subparagraph (1).

(3) Paragraph 11 does not apply to an interest in a contract, proposed contract, licence or other matter which a director has as a member of the public, or to any interest in any matter relating to the terms on which the right to participate is offered to the public.

(4) Where a director has an indirect pecuniary interest in a contract, proposed contract, licence or other matter by reason only of a beneficial interest in securities of a company or other body and the nominal value of those securities does not exceed one thousand dollars or one-thousandth of the total nominal value of the issued share capital of the company or other body, whichever is less and if the share capital is of more than one class, the total nominal value of shares of any one class in which he has a beneficial interest does not exceed one-thousandth of the total issued share capital of that class, paragraph 11 shall not prevent him from taking part in the consideration or discussion of the contract, proposed contract, licence or other matter or from voting on any question with respect to it, without prejudice, however, to his duty to disclose his interest.

(5) Paragraph 11 does not apply to membership of or employment by any public body.

15. The director referred to in paragraph 11 shall not, unless otherwise decided by the Board, take part in the consideration of the matter, and if allowed to take part in the consideration of the matter, he shall not vote on the matter.

SCHEDULE 2

**A CODE TO GOVERN THE ACQUISITION BY LICENSEES OF RIGHTS
OVER LAND AND ANCILLARY RIGHTS**

Definitions

1. (1) In this Schedule-

“alter”, “alteration” and “altered” shall be construed in accordance with sub-paragraph (2);

“Court” means, without prejudice to any right of appeal conferred by virtue of paragraph 25 or otherwise, the Summary Court;

“emergency works” in relation to the licensee or a relevant undertaker for the purposes of paragraph 20, means works, the execution of which at the time it is proposed to execute them, is requisite in order to put an end to, or prevent, the arising of circumstances then existing or imminent which are likely to cause-

- (a) danger to persons or property;
- (b) the interruption of any service provided by the licensee’s ICT network or ICT service or interference with the exercise of any functions conferred or imposed on the undertaker by or under any enactment; or
- (c) substantial loss to the licensee or the undertaker,

and such other works as in all the circumstances it is reasonable to execute with those works;

“ICT apparatus” includes any ICT apparatus designed or adapted for use in connection with, or as part of, an ICT service or an ICT network and, in particular-

- (a) any line, that is to say, any wire, cable, tube, pipe or other similar thing (including its casing or coating) which is so designed or adapted; and
- (b) any tower, structure, pole or other thing in, on, by or from which any ICT apparatus is or may be installed, supported, carried or suspended,

and references to the installation of ICT apparatus shall be construed accordingly;

“line” shall be construed in accordance with the definition of ICT apparatus;

2005 Revision

“public road” has the same meaning as in the Roads Law (2005 Revision);

“statutory purposes” means the purposes of establishing and running the licensee’s ICT network or ICT service; and

“structure” does not include a building.

(2) In this Schedule, references to the alteration of any ICT apparatus include reference to the moving, removal or replacement of the ICT apparatus.

(3) In relation to any land which, otherwise than in connection with a road on that land, is divided horizontally into different parcels, the references in this Schedule to a place over or under the land shall have effect in relation to each parcel as not including references to any place in a different parcel.

2. (1) The agreement in writing of the occupier for the time being of any land shall be required for conferring on a licensee a right for the statutory purposes-

Agreement required to confer right to execute works etc.

- (a) to execute any works on that land for or in connection with the provision maintenance, adjustment, repair or alteration of ICT apparatus;
- (b) to keep ICT apparatus installed on, under or over that land; or
- (c) to enter that land to inspect any ICT apparatus kept installed (whether on, under or over that land or elsewhere) for the purposes of the licensee's ICT service or ICT network.

(2) A person who is the owner of the freehold estate in any land or is a lessee of any land shall not be bound by a right conferred in accordance with subparagraph (1) by the occupier of that land unless-

- (a) he conferred the right himself as occupier of the land;
- (b) he has agreed in writing to be bound by the right;
- (c) he is for the time being treated under subparagraph (3) as having so agreed; or
- (d) he is bound by the right by virtue of subparagraph (4).

(3) If a right falling within subparagraph (1) has been conferred by the occupier of any land for purposes connected with the provision to the occupier from time to time of that land of any ICT service or ICT network and-

- (a) the person conferring the right is also the owner of the freehold estate in that land or is a lessee of the land under a lease for a term of a year or more; or
- (b) in a case not falling within paragraph (a), a person owning the freehold estate in the land or a lessee of the land under a lease for a term of a year or more has agreed in writing that his interest in the land should be bound by the right,

then, subject to paragraph 4, that right shall (as well as binding the person who conferred it) have effect, at any time when the person who conferred it or a person bound by it under subparagraph (2)(b) or (4) is the occupier of the land, as if every person for the time being owning an interest in that land had agreed in writing to the right being conferred for the said purposes and, subject to its being exercised solely for those purposes, to be bound by it.

(4) In any case where a person owning an interest in land agrees in writing (whether when agreeing to the right as occupier or for the purposes of subparagraph (3)(b) or otherwise) that his interest should be bound by a right falling within subparagraph (1), that right shall (except in so far as the contrary intention appears) bind the owner from time to time of that interest and also-

- (a) the owner from time to time of any other interest in the land, being an interest created after the right is conferred and not having priority over the interest to which the agreement relates; and
- (b) any other person who is at any time in occupation of the land and whose right to occupation of the land derives (by contract or otherwise) from a person who at the time the right to occupation was granted was bound by virtue of this subparagraph.

(5) A right falling within subparagraph (1) shall not be exercisable except in accordance with the terms (whether as to payment or otherwise) subject to which it is conferred and, accordingly, every person for the time being bound by such a right shall have the benefit of those terms.

(6) A variation of a right falling within subparagraph (1) or of the terms on which such a right is exercisable shall be capable of binding persons who are not parties to the variation in the same way as, under subparagraphs (2), (3) and (4), such a right is capable of binding persons who are not parties to the conferring of the right.

(7) A right falling within subparagraph (1) is not subject to the provisions of any enactment requiring the registration of interests in, charges on or other obligations affecting land.

(8) In this paragraph and paragraphs 3 and 4-

- (a) references to the occupier of any land shall have effect in relation to -
 - (i) a public road as references to the Minister responsible for the time being for roads;
 - (ii) a private road as references to the owner of the land over which the private road runs; and
 - (iii) in relation to any land (not being a road) which is unoccupied, as references to the person, if any, who for the time being exercises powers of management or control over the land or, if there is no such person, to every person whose interest in the land would be prejudicially affected by the exercise of the right in question; and
- (b) "lease" includes any strata lot or leasehold tenancy (whether in the nature of a head lease, sub-lease or underlease) and any

agreement to grant such a tenancy but not a mortgage by demise or sub-demise and “lessee” shall be construed accordingly.

(9) Subject to paragraphs 9(2) and 11(2), this paragraph shall not require any person to give his agreement to the exercise of any right conferred by any of paragraphs 9 to 12.

3. (1) A right conferred in accordance with paragraph 2 or by paragraph 9, 10 or 11 to execute any works on any land, to keep ICT apparatus installed on, under or over any land or to enter any land shall not be exercisable so as to interfere with or obstruct any means of entering or leaving any other land unless the occupier for the time being of the other land conferred, or is otherwise bound by, a right to interfere with or obstruct that means of entering or leaving the other land.

Agreement required for obstructing access etc.

(2) The agreement in writing of the occupier for the time being of the other land shall be required for conferring any right for the purposes of subparagraph (1) on the licensee.

(3) The references in subparagraph (1) to a means of entering or leaving any land include references to any means of entering or leaving the land provided for use in emergencies.

(4) Subparagraphs (2) to (7) of paragraph 2, except subparagraph (3), shall apply (subject to the following provisions of this Schedule) in relation to a right falling within subparagraph (1) as they apply in relation to a right falling within paragraph 2(1).

(5) Nothing in this paragraph shall require the person who is the occupier of, or owns any interest in, any land which is a road, or to which paragraph 11 applies, to agree to the exercise of any right on any other land.

4. (1) Anything done by the licensee in exercise of a right conferred in relation to any land in accordance with paragraph 2 or 3 shall be deemed to be done in exercise of a statutory power except as against-

Effect of rights and compensation

- (a) a person who, being the owner of the freehold estate in that land or a lessee of the land, is not for the time being bound by the right; or
- (b) a person having the benefit of any covenant or agreement which has been entered into as respects the land under any enactment and which, by virtue of that enactment, binds or will bind persons deriving title or otherwise claiming under the covenant or a person who was a party to the agreement.

(2) Where a right has been conferred in relation to any land in accordance with paragraph 2 or 3 and anything has been done in exercise of that right, any person who, being the occupier of the land, the owner of the freehold estate in the land or a lessee of the land, is not for the time being bound by the right shall have the right to require the licensee to restore the land to its condition before that thing was done.

(3) Any duty imposed by virtue of subparagraph (2) shall, to the extent that its performance involves the removal of any ICT apparatus from any land, be enforceable only in accordance with paragraph 18.

(4) Where-

- (a) on a right in relation to any land being conferred or varied in accordance with paragraph 2, there is a depreciation in the value of any relevant interest in the land; and
- (b) that depreciation is attributable to the fact that paragraph 18 will apply to the removal from the land, when the owner for the time being of that interest becomes the occupier of the land, of any ICT apparatus installed in pursuance of that right,

the licensee shall pay compensation to the person who, at the time the right is conferred or, as the case may be, varied, is the owner of the relevant interest; and the amount of that compensation shall be equal (subject to subparagraph (9)) to the amount of the depreciation.

(5) In subparagraph (4)-

“relevant interest”, in relation to land subject to a right conferred or varied in accordance with paragraph 2, means any interest in respect of which the following two conditions are satisfied at the time the right is conferred or varied, namely-

- (a) the owner of the interest is not the occupier of the land but may become the occupier of the land by virtue of that interest; and
- (b) the owner of the interest becomes bound by the right or variation by virtue only of paragraph 2(3).

(6) Any question as to a person’s entitlement to compensation under subparagraph (4), or as to the amount of any compensation under that subparagraph, shall, in default of agreement, be referred to and determined in accordance with the Arbitration Law (2001 Revision).

2001 Revision

(7) A claim to compensation under subparagraph (4) shall be made by giving the licensee notice of the claim and specifying in that notice particulars of-

- (a) the land in respect of which the claim is made;

- (b) the claimant's interest in the land and, so far as known to the claimant, any other interests in the land;
- (c) the right or variation in respect of which the claim is made; and
- (d) the amount of the compensation claimed,

and such a claim shall be capable of being made at any time before the claimant becomes the occupier of the land in question, or at any time in a period of three years beginning with that time.

(8) Without prejudice to the powers of the arbitrator or umpire in respect of the costs of any proceedings before him under the Arbitration Law (2001 Revision) by virtue of this paragraph, where compensation is payable under subparagraph (4) there shall also be payable, by the licensee to the claimant, any reasonable valuation or legal expenses incurred by the claimant for the purposes of the preparation and prosecution of his claim for that compensation.

5. (1) Where the licensee requires any person to agree for the purposes of paragraph 2 or 3 that any right should be conferred on the licensee, or that any right should bind that person or any interest in land, the licensee may give a notice to that person of the right and of the agreement that he requires.

Power to dispense with the need for required agreement

(2) Where a period of twenty-eight days beginning with the giving of a notice under subparagraph (1) has expired without the giving of the required agreement, the licensee may apply to the Court for an order conferring the proposed right, or providing for it to bind any person or any interest in land, and (in either case) dispensing with the need for the agreement of the person to whom the notice was given.

(3) The Court shall make an order under this paragraph if, but only if, it is satisfied that any prejudice caused by the order-

- (a) is capable of being adequately compensated for by money; or
- (b) is outweighed by the benefit accruing from the order to the persons whose access to an ICT service or an ICT network will be secured by the order,

and in determining the extent of the prejudice, and the weight of that benefit, the Court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to an ICT service or an ICT network.

(4) An order under this paragraph made in respect of a proposed right may, in conferring that right or providing for it to bind any person or any interest in land and in dispensing with the need for any person's agreement, direct that the right shall have effect with such modifications, be exercisable on such terms and be subject to such conditions as may be specified in the order.

(5) The terms and conditions specified by virtue of subparagraph (4) in an order under this paragraph shall include such terms and conditions as appear to the Court appropriate for ensuring that the least possible loss and damage is caused by the exercise of the right in respect of which the order is made to persons who occupy, own interests in or are, from time to time, on the land in question.

(6) (a) In any proceedings under this paragraph the Magistrate may, if he thinks fit, on the application of either party, summon to his assistance one or more independent persons of skill and experience in the matter to which the proceedings relate who may be willing to sit with the Magistrate and act as his assessors;

(b) the remuneration of assessors for sitting under this paragraph shall be at such rate as may be prescribed by regulations and shall be costs in the proceedings unless ordered otherwise by the Magistrate;

(c) an assessor may, if so directed by the Magistrate, inspect the land to which the proceedings relate without the Magistrate and report on the land to the Magistrate in writing; and

(d) the Magistrate may take the report into account in determining whether to make an order under this paragraph and what order to make.

(7) Where an order under this paragraph, for the purpose of conferring any right or making provision for a right to bind any person or any interest in land, dispenses with the need for the agreement of any person, the order shall have the same effect and incidents as the agreement of the person the need for whose agreement is dispensed with and accordingly (without prejudice to the foregoing) shall be capable of variation or release by a subsequent agreement.

Acquisition of rights in respect of ICT apparatus already installed

6. (1) The following provisions of this paragraph apply where the licensee gives notice under paragraph 5(1) to any person and-

(a) that notice requires that person's agreement in respect of a right which is to be exercisable (in whole or in part) in relation to ICT apparatus already kept installed on, under or over the land in question; and

(b) that person is entitled to require the removal of that ICT apparatus but, by virtue of paragraph 18, is not entitled to enforce its removal.

(2) The Court may, on the application of the licensee, confer on the licensee such temporary rights as appear to the Court reasonably necessary for securing that, pending the determination of any proceedings under paragraph 5 or

18, the licensee's ICT service or ICT network is maintained and the ICT apparatus properly adjusted and kept in repair.

(3) In any case where it is shown that a person with an interest in the land was entitled to require the removal of the ICT apparatus immediately after it was installed, the Court shall, in determining for the purposes of paragraph 5 whether the ICT apparatus should continue to be kept installed on, under or over the land, disregard the fact that the ICT apparatus has already been installed there.

7. (1) The terms and conditions specified by virtue of paragraph 5(4) in an order under that paragraph dispensing with the need for a person's agreement, shall include-

Court to fix financial terms where agreement dispensed with

- (a) such terms with respect to the payment of consideration in respect of the giving of the agreement, or the exercise of the rights to which the order relates, as it appears to the Court would have been fair and reasonable if the agreement had been given willingly and subject to the other provisions of the order; and
- (b) such terms as appear to the Court appropriate for ensuring that that person and persons from time to time bound by virtue of paragraph 2(4) by the rights to which the order relates are adequately compensated (whether by the payment of such consideration or otherwise) for any loss or damage sustained by them in consequence of the exercise of those rights.

(2) In determining what terms should be specified in an order under paragraph 5 for requiring an amount to be paid to any person in respect of-

- (a) the provisions of that order conferring any right or providing for any right to bind any person or any interest in land; or
- (b) the exercise of any right to which the order relates,

the Court shall take into account the prejudicial effect, if any, of the order or, as the case may be, of the exercise of the right on that person's enjoyment of, or on any interest of his in, land other than the land in relation to which the right is conferred.

(3) In determining what terms should be specified in an order under paragraph 5 for requiring an amount to be paid to any person, the Court shall, in a case where the order is made in consequence of an application made in connection with proceedings under paragraph 18, take into account, to such extent as it thinks fit, any period during which that person-

- (a) was entitled to require the removal of any ICT apparatus from the land in question; but
- (b) by virtue of paragraph 18, was not entitled to enforce its removal,

but where the Court takes any such period into account, it may also take into account any compensation paid under paragraph 4(4).

(4) The terms specified by virtue of subparagraph (1) in an order under paragraph 5 may provide-

- (a) for the making of payments from time to time to such persons as may be determined under those terms; and
- (b) for questions arising in consequence of those terms (whether as to the amount of any loss or damage caused by the exercise of a right or otherwise) to be referred to arbitration or to be determined in such other manner as may be specified in the order.

(5) The Court may, if it thinks fit-

- (a) where the amount of any sum required to be paid by virtue of terms specified in an order under paragraph 5 has been determined, require the whole or any part of any such sum to be paid into Court; and
- (b) pending the determination of the amount of any such sum, order the payment into Court of such amount on account as the Court thinks fit.

(6) Where terms specified in an order under paragraph 5 require the payment of any sum to a person who cannot be found or ascertained, that sum shall be paid into Court.

Notices and applications
by potential subscribers

8. (1) Where-

- (a) it is reasonably necessary for the agreement of any person to the conferring of any right, or to any rights binding any person or any interest in land, to be obtained by the licensee before another person ("the potential subscriber") may be afforded access to the licensee's ICT service or ICT network; and
- (b) the licensee has not given a notice or (if he has given a notice) has not made an application in respect of that right under paragraph 5,

the potential subscriber may, at any time, give a notice to the licensee requiring him to give a notice or make an application under paragraph 5 in respect of that right.

(2) At any time after notice has been given to the licensee under subparagraph (1), the licensee may apply to the Court to have the notice set aside on the ground that the conditions mentioned in that subparagraph are not satisfied on the ground that, even if the agreement were obtained, the licensee would not afford the potential subscriber access to the licensee's ICT service or ICT network and could not be required to afford him access to that system.

(3) Subject to any order of the Court made in or pending any proceedings under subparagraph (2), if at any time after the expiration of a period of twenty-eight days beginning with the giving to the licensee of a notice under subparagraph (1), the licensee has not complied with the notice, the potential subscriber may himself, on the licensee's behalf, give the required notice and (if necessary) make an application under paragraph 5 or make the required application.

(4) The Court may, on an application made by virtue of subparagraph (3), give such directions as it thinks fit-

- (a) with respect to the separate participation of the licensee in the proceedings to which the application gives rise; and
- (b) requiring the licensee to provide information to the Court.

(5) A covenant, condition or agreement which would have the effect of preventing or restricting the taking by any person as a potential subscriber of any step under this paragraph shall be void to the extent that it would have that effect.

(6) Nothing in this paragraph shall be construed as requiring the licensee to reimburse the potential subscriber for any costs incurred by the potential subscriber in or in connection with the taking of any step under this paragraph on the licensee's behalf.

9. (1) The licensee shall, for the statutory purposes, have the right to do any of the following things-

Road works

- (a) install ICT apparatus, or keep ICT apparatus installed, under, over, in, on, along or across a road;
- (b) inspect, maintain, adjust, repair or alter any ICT apparatus so installed; and
- (c) execute any works requisite for or incidental to the purposes of any works falling within paragraph (a) or (b), including for those purposes the following kinds of works, that is to say-
 - (i) breaking up or opening a road;
 - (ii) tunnelling or boring under a road; and
 - (iii) breaking up or opening a sewer, drain or tunnel.

(2) The following provisions of this Schedule, and the rights conferred by this paragraph shall not be exercisable in a road which is not a public road without either the agreement required by paragraph 2 or an order of the Court under paragraph 5 dispensing with the need for that agreement.

10. (1) Subject to paragraph 3 and the following provisions of this Schedule, where any ICT apparatus is kept installed on or over any land for the purposes of

Power to install fly lines

the licensee's ICT service or ICT network, the licensee shall, for the statutory purposes, have the right to install and keep installed lines which-

- (a) pass over other land adjacent to or in the vicinity of the land on or over which that ICT apparatus is so kept;
- (b) are connected to that ICT apparatus; and
- (c) are not, at any point in the course of passing over the other land, less than three metres the ground or within two metres of any building over which they pass.

(2) Nothing in subparagraph (1) shall authorise the installation or keeping on or over any land of-

- (a) any ICT apparatus used to support, carry or suspend a line installed in pursuance of that subparagraph; or
- (b) any line which by reason of its position interferes with the carrying on of any business carried on that land.

(3) In this paragraph-

“business” includes a trade, profession or employment and includes any activity carried on by a body of persons, whether corporate or unincorporate.

Tidal waters, etc.

11. (1) Subject to paragraph 3 and the following provisions of this Schedule, the licensee shall have the right for the statutory purposes-

- (a) to execute any works (including placing any buoy or seamark) on any tidal water or lands for or in connection with the installation, maintenance, adjustment, repair or alteration of ICT apparatus;
- (b) to keep ICT apparatus installed on, under or over tidal water or lands; and
- (c) to enter any tidal water or lands to inspect any ICT apparatus so installed.

(2) A right conferred by this paragraph shall not be exercised in relation to any land in which a Crown interest, within the meaning of paragraph 22, subsists unless agreement to the exercise of the right in relation to that land has been given, in accordance with subparagraph (3) of that paragraph, in respect of that interest.

(3) Before executing any works in exercise of a right conferred by this paragraph, the licensee shall submit a plan of the proposed works to the Minister for the Minister's approval.

(4) Subparagraph (3) shall not apply to the execution of any emergency works, but, as soon as practicable after commencing any emergency works on any tidal water or lands, the licensee shall submit a plan of those works to the Minister for the Minister's approval.

(5) As soon as reasonably practicable after a plan is submitted to him under subparagraph (3) or (4), the Minister shall, after consulting such authorities exercising functions in relation to the tidal water or lands in question as it appears to him appropriate to consult, consider whether to approve it, and, if he does approve it, he may do so subject to such modifications and conditions and on such terms as he thinks fit.

(6) The Minister shall not approve a plan submitted to him under subparagraph (3) or (4) unless he is satisfied that adequate arrangements have been made for compensating any persons appearing to him to be owners of interests in the tidal water or lands in question for any loss or damage sustained by those persons in consequence of the execution of the works to which the plan relates.

(7) If-

- (a) the licensee executes any works in exercise of a right conferred by this paragraph; but
- (b) those works are executed otherwise than in accordance with a plan approved by the Minister (including, in the case of emergency works, where works already commenced are not approved) or a condition on which any approval of the Minister is given or has been contravened,

the Minister may, by notice, require the licensee to execute such remedial works as the Minister thinks appropriate having regard to the terms and conditions of any approval that he has given and, if those works are not executed in accordance with the notice, may execute them himself at the licensee's expense.

(8) Where, as the result-

- (a) of the failure of the licensee reasonably to maintain any ICT apparatus kept installed for the purposes of the licensee's ICT service or ICT network on, under or over any tidal water or lands; or
- (b) of the abandonment by the licensee of any such ICT apparatus,

it appears to the Minister that any remedial works should be executed, he may, by notice, require the licensee to execute those works and, if those works are not executed in accordance with the notice, may execute them himself at the licensee's expense.

(9) The Minister shall have power for the purposes of exercising his functions under this paragraph, and of determining whether to exercise those functions, to cause a survey or examination to be carried out, at the licensee's expense, of any works or ICT apparatus or of the site or proposed site of any works or ICT apparatus.

(10) Where the Minister is authorised by this paragraph to do any thing at the licensee's expense, the expenses incurred by the Minister in or in connection with the doing of that thing shall be recoverable by the Minister from the licensee in the Court.

(11) In this paragraph-

“remedial works” includes any works of repair or restoration, the alteration of any ICT apparatus and any works to restore the site of any ICT apparatus to its original condition; and

“tidal water or lands” includes any branch of the sea, the shore below mean high water mark and the bed of any tidal water.

Use of certain conduits

12. (1) Nothing in the preceding provisions of this Schedule shall authorise the doing of anything inside a relevant conduit without the agreement of the person with control of that conduit.

(2) The agreement of the person or authority with control of a public sewer shall be sufficient in all cases to confer a right falling within any of the preceding provisions of this Schedule where the right is to be exercised wholly inside that sewer.

(3) In this paragraph-

“public sewer” means a pipe or sewer maintained by an authority or person whose business is the provision of drainage to premises, for the conveyance of sewage or trade effluent; and

“relevant conduit” means-

- (a) any conduit which, whether or not it is itself an electric line, is maintained by an authority or person whose business is the transmission or supply of electricity for the purpose of surrounding, enclosing or supporting such a line, including, where a conduit is connected to a box, chamber or other structure (including a building) maintained for the transmission or supply of electricity, that box or chamber; or
- (b) a water main or other conduit maintained by an authority or person whose business is the conveyance or supply of water for the purpose of conveying water from one place to another.

Compensation for injurious affection to neighbouring land, etc.
1995 Revision

13. (1) Where a right conferred by or in accordance with any of the preceding provisions of this Schedule is exercised, compensation shall be payable by the licensee under section 11 of the Land Acquisition Law (1995 Revision) as if that section had effect in relation to injury caused by the exercise of such a right as it

has effect in relation to damage sustained by a person interested in land by reason of the acquisition injuriously affecting his other property.

(2) Subparagraph (1) shall not confer any entitlement to compensation on any person in respect of the exercise of a right conferred in accordance with paragraph 2 or 3, if that person conferred the right or is bound by it by virtue of paragraph 2(2)(b) or (d), but, save as aforesaid, the entitlement of any person to compensation under this paragraph shall be determined irrespective of his ownership of any interest in the land where the right is exercised.

(3) Compensation shall not be payable on any claim for compensation under this paragraph unless the amount of the compensation exceeds one hundred dollars.

14. (1) This paragraph applies where the licensee has completed the installation for the purposes of the licensee's ICT service or ICT network of any ICT apparatus, the whole or part of which is at a height of three feet or more above the ground.

Objections to overhead
ICT apparatus

(2) At any time before the expiration of a period of three months beginning with the completion of the installation of the ICT apparatus, a person who is the occupier of or owns an interest in-

- (a) any land over or on which the ICT apparatus has been installed; or
- (b) any land the enjoyment of which, or any interest in which, is, because of the nearness of the land to the land on or over which the ICT apparatus has been installed, capable of being prejudiced by the ICT apparatus,

may give the licensee notice of objection in respect of that ICT apparatus.

(3) No notice of objection may be given in respect of any ICT apparatus if the ICT apparatus-

- (a) replaces any ICT apparatus which is not substantially different from the new ICT apparatus; and
- (b) is not in a significantly different position.

(4) Where a person has both given a notice under this paragraph and applied for compensation under any of the preceding provisions of this Schedule, the Court-

- (a) may give such directions as it thinks fit for ensuring that no compensation is paid until any proceedings under this paragraph have been disposed of; and

- (b) if the Court makes an order under this paragraph, may provide in that order for some or all of the compensation otherwise payable under this Schedule to that person not to be so payable, or, if the case so requires, for some or all of any compensation paid under this Schedule to that person to be repaid to the licensee.

(5) At any time after the expiration of a period of two months beginning with the giving of a notice of objection but before the expiration of a period of four months beginning with the giving of that notice, the person who gave the notice may apply to the Court to have the objection upheld.

(6) Subject to subparagraph (7), the Court shall uphold the objection if the ICT apparatus appears materially to prejudice the applicant's enjoyment of, or interest in, the land in right of which the objection is made and the Court is not satisfied that the only possible alterations of the ICT apparatus will-

- (a) substantially increase the cost or diminish the quality of the service provided by the licensee's ICT network or ICT service to persons who have, or may in future have, access to it;
- (b) involve the licensee in substantial additional expenditure (disregarding any expenditure occasioned solely by the fact that any proposed alteration was not adopted originally or, as the case may be, that the ICT apparatus has been unnecessarily installed); or
- (c) give to any person a case at least as good as the applicant has to have an objection under this paragraph upheld.

(7) The Court shall not uphold the objection if the applicant is bound by a right of the licensee falling within paragraph 2 or 3(1) to install the ICT apparatus, and it appears to the Court unreasonable, having regard to the fact that the applicant is so bound and the circumstances in which he became so bound, for the applicant to have given notice of objection.

(8) In considering the matters specified in subparagraph (6), the Court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to an ICT service or to an ICT network.

(9) If it upholds an objection under this paragraph, the Court may, by order-

- (a) direct the alteration of the ICT apparatus to which the objection relates;
- (b) authorise the installation (instead of the ICT apparatus to which the objection relates), in a manner and position specified in the order, of any ICT apparatus so specified; or

- (c) direct that no objection may be made under this paragraph in respect of any ICT apparatus the installation of which is authorised by the Court.

(10) The Court shall not make any order under this paragraph directing the alteration of any ICT apparatus or authorising the installation of any ICT apparatus unless it is satisfied either-

- (a) that the licensee has all such rights as it appears to the Court appropriate that he should have for the purpose of making the alteration or, as the case may be, installing the ICT apparatus; or
- (b) that-
 - (i) he would have all those rights if the Court, on an application under paragraph 5, dispensed with the need for the agreement of any person; and
 - (ii) it would be appropriate for the Court, on such an application, to dispense with the need for that agreement,

and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration or installation of any ICT apparatus, the Court shall have the same powers as it would have if an application had been duly made under paragraph 5 for an order dispensing with the need for that person's agreement.

(11) For the purposes of subparagraphs (6)(c) and (10), the Court shall have power, on an application under this paragraph, to give the applicant directions for bringing the application to the notice of such other interested persons as it thinks fit.

15. (1) Where the licensee has, for the purposes of the licensee's ICT service or ICT network, installed any ICT apparatus the whole or part of which is at a height of three feet or more above the ground, the licensee shall, before the expiration of a period of three days beginning with the completion of the installation, in a secure and durable manner affix a notice-

Obligation to affix notices to overhead ICT apparatus

- (a) to every major item of ICT apparatus installed; or
- (b) if no major item of ICT apparatus is installed, to the nearest major item of ICT apparatus to which the ICT apparatus that is installed is directly or indirectly connected.

(2) A notice affixed under subparagraph (1) shall be affixed in a position where it is reasonably legible and shall give the name of the licensee and an address in the Islands at which any notice of objection may be given under paragraph 14 in respect of the ICT apparatus in question, and any person giving such a notice at that address in respect of that ICT apparatus shall be deemed to have been furnished with that address for the purposes of paragraph 21(4)(a).

(3) If the licensee contravenes the requirements of this paragraph he is guilty of an offence and liable on summary conviction to a fine of two thousand dollars.

(4) In any proceedings for an offence under this paragraph it shall be a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence.

Tree lopping

16. (1) Where any tree overhangs any road and, in doing so, either-

- (a) obstructs or interferes with the working of any ICT apparatus used for the purposes of the licensee's ICT service or ICT network ; or
- (b) will obstruct or interfere with the working of any ICT apparatus which is about to be installed for those purposes,

the licensee may, by notice to the occupier of the land on which the tree is growing, require the tree to be lopped so as to prevent the obstruction or interference.

(2) If, within a period of twenty-eight days beginning with the giving of the notice by the licensee, the occupier of the land on which the tree is growing gives the licensee a counter-notice objecting to the lopping of the tree, the notice shall have effect only if confirmed by an order of the Court.

(3) If, at any time, a notice under subparagraph (1) has not been complied with and either-

- (a) a period of twenty-eight days beginning with the giving of the notice has expired without a counter-notice having been given; or
- (b) an order of the Court confirming the notice has come into force,

the licensee may himself cause the tree to be lopped as mentioned in subparagraph (1).

(4) Where the licensee lops a tree in exercise of the power conferred by subparagraph (3) he shall do so in a husband-like manner and in such a way as to cause the minimum damage to the tree.

(5) Where-

- (a) a notice under subparagraph (1) is complied with either without a counter-notice having been given or after the notice has been confirmed; or
- (b) the licensee exercises the power conferred by subparagraph (3),

the Court shall, on an application made by a person who has sustained loss or damage in consequence of the lopping of the tree or who has incurred expenses in complying with the notice, order the licensee to pay that person such compensation in respect of the loss, damage or expenses as it thinks fit.

17. (1) Where any ICT apparatus is kept installed on, under or over any land for the purposes of the licensee's ICT service or ICT network, any person with an interest in that land or adjacent land may (notwithstanding the terms of any agreement binding that person), by notice given to the licensee, require the alteration of the ICT apparatus on the ground that the alteration is necessary to enable that person to carry out a proposed improvement of the land in which he has an interest.

Power to require alteration of ICT apparatus

(2) Where a notice is given under subparagraph (1) by any person to the licensee, the licensee shall comply with it unless he gives a counter-notice under this subparagraph within a period of twenty-eight days beginning with the giving of the notice.

(3) Where a counter-notice is given under subparagraph (2) to any person, the licensee shall make the required alteration only if the Court, on an application by that person, makes an order requiring the alteration to be made.

(4) The Court shall make an order under this paragraph for an alteration to be made only if, having regard to all the circumstances and the principle that no person should unreasonably be denied access to a telecommunication system, it is satisfied-

- (a) that the alteration is necessary as mentioned in subparagraph (1); and
- (b) that the alteration will not substantially interfere with any service provided by the licensee's system.

(5) The Court shall not make an order under this paragraph for the alteration of any ICT apparatus unless it is satisfied either-

- (a) that the licensee has all such rights as it appears to the Court appropriate that he should have for the purpose of making the alteration; or
- (b) that-
 - (i) he would have all those rights if the Court, on an application under paragraph 5, dispensed with the need for the agreement of any person; and
 - (ii) it would be appropriate for the Court, on such an application, to dispense with the need for that agreement,

and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration of any ICT apparatus, the Court shall have the same powers as it would have if an application had been duly made under paragraph 5 for an order dispensing with the need for that person's agreement.

(6) For the purposes of subparagraph (5), the Court shall have power on an application under this paragraph to give the applicant directions for bringing the application to the notice of such other interested persons as it thinks fit.

(7) An order under this paragraph may provide for the alteration to be carried out with such modifications, on such terms and subject to such conditions as the Court thinks fit, but the Court shall not include any such modifications, terms or conditions in its order without the consent of the applicant, and, if such consent is not given, may refuse to make an order under this paragraph.

(8) An order made under this paragraph on the application of any person shall, unless the Court otherwise thinks fit, require that person to reimburse the licensee in respect of any expenses which the licensee incurs in or in connection with the execution of any works in compliance with the order.

(9) In subparagraph (1)-

“improvement” includes development and change of use.

Restriction on right to
require the removal of
ICT apparatus

18. (1) Where any person is for the time being entitled to require the removal of any of the licensee's ICT apparatus from any land (whether under any enactment or because that ICT apparatus is kept on, under or over that land otherwise than in pursuance of a right binding that person or for any other reason) that person shall not be entitled to enforce the removal of the ICT apparatus except, subject to subparagraph (12), in accordance with the following provisions of this paragraph.

(2) The person entitled to require the removal of any of the licensee's ICT apparatus shall give a notice to the licensee requiring the removal of the ICT apparatus.

(3) Where a person gives a notice under subparagraph (2) and the licensee does not give that person a counter-notice within a period of twenty-eight days beginning with the giving of the notice, that person shall be entitled to enforce the removal of the ICT apparatus.

(4) A counter-notice given under subparagraph (3) to any person by the licensee shall-

(a) state that that person is not entitled to require the removal of the ICT apparatus; or

- (b) specify the steps which the licensee proposes to take for the purpose of securing a right against that person to keep the ICT apparatus on the land.

(5) Those steps may include any steps which the licensee could take for the purpose of enabling him, if the ICT apparatus is removed, to re-install the ICT apparatus, and the fact that by reason of the following provisions of this paragraph any proposed re-installation is only hypothetical shall not prevent the licensee from taking those steps or any Court or person from exercising any function in consequence of those steps having been taken.

(6) Where a counter-notice is given under subparagraph (3) to any person, that person may only enforce the removal of the ICT apparatus in pursuance of an order of the Court, and, where the counter-notice specifies steps which the licensee is proposing to take to secure a right to keep the ICT apparatus on the land, the Court shall not make such an order unless it is satisfied-

- (a) that the licensee is not intending to take those steps or is being unreasonably dilatory in the taking of those steps; or
- (b) that the taking of those steps has not secured, or will not secure, for the licensee as against that person any right to keep the ICT apparatus installed on, under or over the land or to re-install it if it is removed.

(7) Where any person is entitled to enforce the removal of any ICT apparatus under this paragraph (whether by virtue of subparagraph (3) or an order of the Court under subparagraph (6)), that person may, without prejudice to any method available to him apart from this subparagraph for enforcing the removal of that ICT apparatus, apply to the Court for authority to remove it himself, and, on such an application, the Court may, if it thinks fit, give that authority.

(8) Where any ICT apparatus is removed by any person under an authority given by the Court under subparagraph (7), any expenses incurred by him in or in connection with the removal of the ICT apparatus shall be recoverable by him from the licensee in the Court; and in so giving an authority to any person the Court may also authorise him, in accordance with the directions of the Court, to sell any ICT apparatus removed under the authority and to retain the whole or a part of the proceeds of sale on account of those expenses.

(9) Any ICT apparatus kept installed on, under or over any land shall (except for the purposes of this paragraph and without prejudice to paragraphs 6(3) and 7(3)) be deemed, as against any person who was at any time entitled to require the removal of the ICT apparatus, but by virtue of this paragraph not entitled to enforce its removal, to have been lawfully so kept at that time.

(10) Where this paragraph applies in relation to ICT apparatus the alteration of which some person (“the relevant person”) is entitled to require in consequence of the stopping up, closure, change or diversion of any road or the extinguishment or alteration of any public right of way-

- (a) the removal of the ICT apparatus shall constitute compliance with a requirement to make any other alteration;
- (b) a counter-notice under subparagraph (3) may state (in addition to, or instead of, any of the matters mentioned in subparagraph (4)) that the licensee requires the relevant person to reimburse him in respect of any expenses which he incurs in or in connection with the making of any alteration in compliance with the requirements of the relevant person;
- (c) an order made under this paragraph on an application by the relevant person in respect of a counter-notice containing such a statement shall, unless the Court otherwise thinks fit, require the relevant person to reimburse the licensee in respect of any expenses which he so incurs; and
- (d) subparagraph (8) shall not apply.

(11) References in this paragraph to the licensee’s ICT apparatus include references to ICT apparatus which (whether or not vested in the licensee) is being, is to be or has been used for the purposes of the licensee’s ICT service or ICT network.

(12) A person shall not, under this paragraph, be entitled to enforce the removal of any ICT apparatus on the ground only that he is entitled to give a notice under paragraph 11, 14 or 17, and this paragraph is without prejudice to paragraph 20 and to the power to enforce an order of the Court under the said paragraph 11, 14 or 17.

Abandonment of ICT apparatus

19. Without prejudice to the preceding provisions of this Schedule, where the licensee has a right conferred by or in accordance with this Schedule for the statutory purposes to keep ICT apparatus installed on, under or over any land, he is not entitled to keep that ICT apparatus so installed if, at a time when the ICT apparatus is not, or is no longer, used for the purposes of the licensee’s ICT service or ICT network, there is no reasonable likelihood that it will be so used.

Undertaker’s works.

20. (1) The following provisions of this paragraph apply where a relevant undertaker is proposing to execute any undertaker’s works which involve or are likely to involve a temporary or permanent alteration of any ICT apparatus kept installed on, under or over any land for the purposes of the licensee’s ICT service or ICT network.

(2) The relevant undertaker shall, not less than ten days before the works are commenced, give the licensee a notice specifying the nature of the undertaker's works, the alteration or likely alteration involved and the time and place at which the works will be commenced.

(3) Subparagraph (2) shall not apply in relation to any emergency works of which the relevant undertaker gives the licensee notice as soon as practicable after commencing the works.

(4) Where a notice has been given under subparagraph (2) by a relevant undertaker to the licensee, the licensee may, within a period of ten days beginning with the giving of the notice, give the relevant undertaker a counter-notice which may state either-

- (a) that the licensee intends himself to make any alteration made necessary or expedient by the proposed undertaker's works; or
- (b) that he requires the undertaker, in making any such alteration, to do so under the supervision and to the satisfaction of the licensee.

(5) Where a counter-notice given under subparagraph (4) states that the licensee intends himself to make any alteration-

- (a) the licensee shall (subject to subparagraph (7)) have the right, instead of the relevant undertaker, to execute any works for the purpose of making that alteration; and
- (b) any expenses incurred by the licensee in or in connection with the execution of those works and the amount of any loss or damage sustained by the licensee in consequence of the alteration shall be recoverable by the licensee from the undertaker in any Court of competent jurisdiction.

(6) Where a counter-notice given under subparagraph (4) states that any alteration is to be made under the supervision and to the satisfaction of the licensee-

- (a) the relevant undertaker shall not make the alteration except as required by the notice or under subparagraph (7); and
- (b) any expenses incurred by the licensee in or in connection with the provision of that supervision and the amount of any loss or damage sustained by the licensee in consequence of the alteration shall be recoverable by the licensee from the undertaker in any Court of competent jurisdiction.

(7) Where-

- (a) no counter-notice is given under subparagraph (4); or
- (b) the licensee, having given a counter-notice falling within that subparagraph, fails within a reasonable time to make any

alteration made necessary or expedient by the proposed undertaker's works or, as the case may be, unreasonably fails to, provide the required supervision,

the relevant undertaker may himself execute works for the purpose of making the alteration or, as the case may be, may execute such works without the supervision of the licensee; but in either case the undertaker shall execute the works to the satisfaction of the licensee.

(8) If the relevant undertaker or any of his agents-

- (a) executes any works without the notice required by subparagraph (2) having been given; or
- (b) unreasonably fails to comply with any reasonable requirement of the licensee under this paragraph,

he, subject to subparagraph (9), is guilty of an offence and liable on summary conviction to a fine-

- (i) if the licensee's ICT service or ICT network is interrupted by the works or failure, of five thousand dollars; and
- (ii) if that ICT service or ICT network is not so interrupted, of three thousand dollars.

(9) In this paragraph-

“relevant undertaker” means-

- (a) any person (including a Minister or a department of Government) authorised by any law or by any order or scheme made under or confirmed by any law to carry on any water supply, electricity supply, airport, road, road traffic, road transport, dock, harbour, pier or lighthouse undertaking;
- (b) any licensee; and
- (c) any person or authority to whom this paragraph is applied by any law amended by, or under, or passed after this Law; and

“undertaker's works” means-

- (a) in relation to a relevant undertaker falling within paragraph (a) of the preceding definition, any works which that undertaker is authorised to execute for the purposes of, or in connection with, the carrying on by him of the undertaking mentioned in that paragraph; and
- (b) in relation to a relevant undertaker falling within paragraph (b) of that definition, any works which that undertaker is authorised to execute by or in accordance with any provision of this Schedule.

21. (1) Any notice required to be given by the licensee to any person for the purposes of any provision of this Schedule shall be in the prescribed form and such notice shall indicate to that person the effect of the notice and shall indicate the steps that may be taken by that person under this Schedule in respect of that notice.

Notices under schedule

(2) Any notice required to be given to any person for the purposes of any provision of this Schedule may be given to him either by delivering it to him or by leaving it at his proper address or by post.

(3) Any notice required to be given under this Schedule may be given to an incorporated company or body by giving it to the secretary or clerk of the company or body.

(4) For the purposes of this Schedule and in accordance with section 53 of the Interpretation Law (1995 Revision), the proper address of any person shall be-

1995 Revision

- (a) if the person to whom the notice is to be given has furnished the person giving the notice with an address for service under this Schedule, that address;
- (b) in a case not falling within paragraph (a), where the person to whom the notice is to be given is an incorporated company or body, the registered or principal office of the company or body; and
- (c) in any other case, the last known address of the person to whom the notice is to be given.

(5) If it is not practicable, for the purposes of giving any notice under this Schedule, after reasonable inquiries to ascertain the name and address-

- (a) of the person who is for the purposes of any provision of this Schedule the occupier of any land; or
- (b) of the owner of any interest in any land,

a notice may be given under this Schedule by addressing it to a person by the description of “occupier” of the land (describing it) or, as the case may be, “owner” of the interest (describing both the interest and the land) and by delivering it to some person on the land or, if there is no person on the land to whom it can be delivered, by affixing it, or a copy of it, to some conspicuous object on the land.

22. (1) This Schedule shall apply in relation to land in which there subsists, or at any material time subsisted, a Crown interest as it applies in relation to land in which no such interest subsists.

Application to the Crown

(2) In this paragraph-

2005 Revision “Crown interest” means an interest which is held in accordance with section 2 or 3 of the Governor (Vesting of Lands) Law (2005 Revision).

(3) An agreement required by this Schedule to be given in respect of any Crown interest subsisting in any land shall be given by the Governor in Cabinet.

Savings for and exclusion of certain remedies etc.

23. (1) This Schedule shall not authorise the contravention of any provision made by or under any enactment passed before this Law.
