

AMENDMENT NO. 16 TO THE LICENCE OF WESTSTAR TV LTD.

WHEREAS WestStar T.V. Ltd. was granted a Licence by the Information and Communications Technology Authority (the 'Authority'), dated 10 October 2003 (as amended);

AND WHEREAS WestStar T.V. Ltd. is required under the terms of Annex 1A of its Licence to deploy and offer a domestic fibre optic cable network (Type D1) and make available ICT Services over that network in accordance with a set timetable (Fibre Network Roll Out Plan);

AND WHEREAS WestStar T.V. Ltd. has requested an extension to the dates set out in that Fibre Network Roll Out Plan;

AND WHEREAS the Authority considers that, in light of the submissions filed by WestStar T.V. Ltd., it is appropriate to extend the roll out dates as set out in the attached Annex;

THEREFORE, pursuant to sections 23 and 31 of the Information and Communications Technology Law (2011 Revision), Annex 1A of the WestStar T.V. Ltd. Licence is hereby amended.

Dated this 27 day of March 2014.

A handwritten signature in black ink, consisting of a large, stylized 'A' followed by a horizontal line that extends to the right and then curves back down.

Acting Chairman
Information and Communications Technology Authority

Annex 1A

Roll Out Plan

Cable TV Service

Cable television service, using digital technology, (Digital Cable service) will be offered on Grand Cayman no later than 1 March 2003. Digital Cable service shall be offered to the Sister Islands no later than 6 months from the date on which the Licensee has achieved a minimum of 1,000 subscribers in the Sister Islands. On the 31st of January of every year (or the following business day, if the 31st of January falls on a weekend or statutory holiday), the Licensee shall provide status reports to the Authority on its number of subscribers in the Sister Islands and on the estimated cost of rolling out digital cable TV in the Sister Islands using technologies available at that time. The Authority reserves the right to require the Licensee to rollout digital cable TV in the Sister Islands, irrespective of the number of subscribers, if the Authority determines that the rollout of this service has become cost-effective.

The Licensee shall make every effort to deploy and offer in Grand Cayman its Fibre optic cable network and make available ICT Services over that network in accordance with the following timetable:

- a) By 31 December 2014: complete a fibre network sufficient to enable the provision of ICT Services to 100% of the resident population of West Bay and to 58% of the resident population of George Town;
- b) By 31 December 2015: complete a fibre network sufficient to enable the provision of ICT Services to 100% of the resident population of West Bay, to 100% of the resident population of George Town and to 26% of the resident population of Bodden Town;
- c) By 31 December 2016: complete a fibre network sufficient to enable the provision of ICT Services to 100% of the resident population of West Bay, to 100% of the resident population of George Town and to 83% of the resident population of Bodden Town;
- d) By 31 December 2017: complete a fibre network sufficient to enable the provision of ICT Services to 100% of the resident population of West Bay, to 100% of the resident population of George Town, to 100% of the resident population of Bodden Town and to 49% of the resident population of North Side and East End; and,

- e) By 9 October 2018: complete a fibre network sufficient to enable the provision of ICT Services to 100% of the resident population of Grand Cayman.

No later than fifteen (15) calendar days following the end of each quarter, the licensee shall provide status reports to the Authority on the rollout of its fibre optic cable network.
