Dear Mr. Archbold,

It seems clear from the LRIC costing manual submitted by Cable & Wireless ("C&W") that it has already constructed the proposed cost models in Microsoft Excel. In the interest of ensuring a transparent process and as it will allow for a much clearer understanding generally as to what is being proposed, Digicel urgently requests electronic copies of the both the fixed and mobile models as they currently stand. In the event that the model contains confidential information, we suggest that C&W simply leave such cells empty (excluding cells with formulae).

Yours sincerely,

"SIGNED"
