Re: Public Consultation on Costing Manual - CD 2005-1

This letter specifies the procedure and due dates for further ICTA interrogatories to C&W and also specifies the procedures and dates for submission of comments and reply comments by parties to this proceeding.

Further Interrogatories to C&W

Attachment 1 contains further interrogatories by the ICTA's external consultant, Telcordia Technologies, Inc. ("Telcordia"), to C&W. C&W is requested to provide responses to these questions by **31 July 2007**.

If C&W requires any clarification regarding these questions, it is encouraged to contact John Hayes of Telcordia at (732) 699-3999.

When filing responses to these questions, C&W is requested to repeat an entire question in the response document and then follow with the answer to that question. If C&W files any information in confidence with the Authority, it should also file redacted versions for the public record. At this time, Attachment 1 is being provided to C&W in confidence. However, in repeating the questions in its responses, C&W should redact only the portions of the questions it considers confidential.

At the time that C&W files responses with the Authority, redacted versions should be provided to the parties identified in the CD 2005-1 Distribution List in Attachment 2 to this letter.

Further Procedures

In its 26 January 2007 letter, the Authority identified that it anticipated that parties would be provided the opportunity to file comments and reply comments near the end of the generation of the written record of this proceeding.

The Authority anticipates that the above identified interrogatories will be the completion of the interrogatory phase of this proceeding and therefore identifies the following procedures for the filing of comments and reply comments:

- by **21 August 2007**, parties may file comments with the Authority and any comments filed should be copied to all other parties; and
- by **4 September 2007**, parties may file replies with the Authority to any comments filed pursuant to the above paragraph. Any reply comments should be copied to all other parties.

Yours sincerely,
