Subject: RE: CD 2009-1 - FLLRIC Implementation: and ICT Decision 2008-2 - Decision for the Costing Manual Consultation

Anthony

In a letter dated 09 April 2009, LIME indicated that it had "proposed to its interconnected partners in the Cayman Islands, by letter dated 29 January 2009 and copied to the Authority, an MTR of CI\$ 0.0864, and the parties have begun their Interconnection Negotiation renewal negotiations on that basis."

I have searched the Authority's paper and electronic files and, unfortunately, have found no record of such a letter being provided to the Authority.

Please provide a copy of the letter and, as we are concerned about missing correspondence, please indicate how the letter was provided to the Authority on 29 January 2009. If it was sent via email, please provide a copy of that email.

Thanks

....mark

January 29, 2009

Addressees:

Mr. Gene Thompson, Blue Sky Wireless Limited
Mr. Sean Latty, Digicel Cayman Limited
Mr. Robert Kanner, TeleCayman Limited
Mike Edenholt, WestTel Limited

Dear Sirs:

Re: Interconnection Agreement

As you all are aware, the various Interconnection Agreements currently in force in the Cayman Islands will be expiring in 2009 and need to be renewed. LIME has provided you under separate cover a proposed Interconnection Agreement, and will be communicating with each of your companies in due course to finalize the renewal of the Interconnection Agreement. However, LIME considers that the rates to be charged for call termination and transit services merit separate discussions, and that the best results will be achieved if these discussions are held openly and transparently among all the parties.

When the current Interconnection Agreements were executed, LIME had hoped that the Authority would have implemented the forward-looking long-run incremental cost model and determined cost-based rates for call termination and transit services, prior to their expiry. For various reasons, it appears those new FLLRIC rates will not be available until some time later. Because of this, we are proposing that we apply the rates set out in the attached Tariff Schedule until such time as FLLRIC rates are determined. These rates can be summarized as follows (based on a three-minute call):

- Fixed termination rate: CI\$ 0.01413 per minute
- Mobile termination rate: CI\$ 0.86400 per minute
- PSTN Transit rate: CI\$ 0.00747 per minute

Kingston 10
Jamaica, W.I.

P: 876 926 9700
F: 876 968 9696

Because only the mobile termination rate in the current Tariff Schedules is not cost-oriented, we're proposing a 53% reduction in that rate which should bring it closer to what we expect will be cost-oriented rates in the long run. The other rates are already cost-oriented, as defined under the Interconnection Regulations, and we do not propose changing them.

We look forward to quickly reaching agreement on these rates and renewing our Interconnection Agreements. Please do not hesitate to contact the undersigned if you should have any questions.

Yours truly,

Derrick Nelson

INTERCONNECTION AGREEMENT BETWEEN CABLE & WIRELESS CAYMAN (TRADING AS LIME) AND XXX

Tariff Schedule

Landline | Internet | Mobile | Entertainment

LIME

Tariff Schedule

All tariffs in this schedule are presented excluding applicable taxes but are subject to those taxes at the prevailing rate.

Charges that are not included in this Tariff Schedule but which have been referenced from the Service Descriptions, Legal Framework or Joint Working Manual, including, but not limited to, payment for forecasts that are out of bandwidth and payment for delays in Service introduction, will be determined on the basis of all reasonable costs incurred by the Service Supplier unless it is agreed by both Parties to waive such costs incurred.

Call Durations are specified in this document as a charge of CI\$ per 60s. However, pursuant to the terms of the Service Descriptions, Calls will be measured to an accuracy of 1/10th of a second, and the Charges will be the sum of the month's measurements rounded to the nearest minute. Further detail of the billing process and procedures can be found in the Joint Working Manual.

PART 1. JOINING SERVICES

Optical In-span Joining Service

The following table provides unit costs of the elements of the investment undertaken by the Service Provider.

Optical In-span Joining Service

The following table sets out the Early Termination Charge chargeable pursuant to paragraph 2.3.2.6 of the Joint Working Manual, given by the applicable amounts set out in the table below, multiplied by χ , where χ is the number of remaining months in the five (5) year period commencing on the Ready-for-Service Date of the Relevant Order.

Early Termination Charges

The following table shows the One-off Charges for installation and testing.

Charges for Installation and Testing

	Installation and Testing Charges CIS

PART 2. TERMINATION SERVICES

PSTN Terminating Access Service

Usage Charges

Call Setup charge	Call duration charge	Interconnect-specific charge
CIS per call	CIS per 60 secs	CIS per 60 secs
0.0125	0.0091	0.00086

PLMN Terminating Access Service

Usage Charges

Payable by Service Taker to Service Supplier. Charges for this service consist of a reciprocal Mobile Termination Charge, as well as Transit Charges. Transit Charges are applied only when the Service Supplier transits the call over its fixed network for termination on a mobile network.

Charges for the termination of fixed-to-mobile and mobile-to-mobile calls shall be the same. Both will be based solely on call duration.

Mobile Termination Part

Termination Charge
CIS per 60 secs
0.0864

Deleted: 1845

Transit Part

Call Setup charge	Call duration charge	Interconnect-specific charge
CIS per call	CIS per 60 secs	CIS per 60 secs
0.0125	0.0026	0.0007

Incoming International Call Termination to PSTN Service

Usage Charges

Payable by Service Taker to Service Supplier. The charge for this service consists of the Incoming International Fixed Termination Rate, as well as Transit Charges where applicable. Transit Charges are applied only in the case where Telco is the Service Taker and LIME, as the Service Supplier, transits the call over its PSTN.

Incoming International Call Termination to PSTN

Call Setup charge	Call duration charge	Interconnect-specific charge
CI\$ per call	CI\$ per 60 secs	CI\$ per 60 secs
0.0125	0.0091	0.00086

Transit Part

Call Setup charge	Call duration charge	Interconnect-specific charge
CI\$ per call	CI\$ per 60 secs	CI\$ per 60 secs
0.0125	0.0026	0.0007

Incoming International Call Termination to PLMN Service

Usage Charge

Payable by Service Taker to Service Supplier. The charge for this service consists of the Incoming International Mobile Termination Rate, as well as Transit Charges where applicable. Transit Charges are applied only in the case where Telco is the Service Taker and LIME, as the Service Supplier, transits the call over its PSTN. For the avoidance of doubt, Transit Charges shall never be deducted from the Incoming International to Mobile Termination Charge payable by the Service Taker to the Service Supplier.

International Conveyance Assumption

Call duration assumption CI\$ per 60 secs
