Subject: RE: LNP Routing Numbers Dispute
Importance: High

Dear All

As you know, the Authority has received a determination request from LIME relating to the use of routing numbers to route calls in an LNP environment, which you have been copied in on.

Given that the agreed LNP implementation date is at the end of this month, and that the matter needs to be resolved before then, the Authority considers that an expedited procedure is appropriate. You are therefore directed to provide your views on the substance of the determination request to the Authority, no later than **5 p.m. on 24 January 2012**. When you file your submission, please send it to consultations@icta.ky.

In your submission, please set out your full rationale for your view together with all supporting documentation.

Please note, all submissions filed in this proceeding should be copied to the other parties in the "To:" field above at the same time they are filed with the Authority. Also, all submissions will form part of the public record of this proceeding.

Should you have any questions, please do not hesitate to contact me.

Kind regards

Russell
