

22 September 2015

Ms. Tessa Ryan
Economist
Information and Communications Technology Authority
PO Box 2502
3rd Floor Alissta Towers
Grand Cayman, KY1-1104

Dear Ms. Ryan,

Re: Request for Pole-Related Information

I write further to the Authority's letter of 26 August 2015 and to my emails of 21 September 2015 and 22 September 2015 to the Authority on the above-noted subject. LIME responds as follows to the Authority's 26 August 2015 questions:

1. LIME confirms that the Authority's estimate is correct. This is the number of poles for which LIME was invoiced by Datalink for Q1 2015.
2. #

#.

3. LIME attaches unsigned but complete versions of both the redacted and non-redacted 31 July 2015 submissions, which includes Attachment 2.

The information in paragraph 2, which provides details on confidential discussions between LIME and other parties, is being provided in confidence to the Authority pursuant to Regulation 3 of the *Information and Communications Technology Authority (Confidentiality) Regulations, 2003*. It is information that is a trade secret which is treated consistently by LIME as confidential and which is not otherwise publicly available. Further, its disclosure to the public could reasonably be expected to affect LIME's discussions with these parties and therefore to affect LIME's contractual and other liabilities. A redacted version will be provided for the public record.

REDACTED

Please do not hesitate to contact me if you should have any further questions.

Yours sincerely,
Cable and Wireless (Cayman Islands) Limited, trading as LIME
