Dear Mr. Corcoran,

### **Deep Packet Inspection and Similar Technologies**

Thank you for your letter of today's date concerning Deep Packet Inspection. I look forward to your, no doubt expanded, comments for the public record in response to our public consultation document. This will be released imminently.

I would also like to point out that in its letter of 10 July 2009 the Authority said only that the use of DPI "arguably breaches the provisions of section 75 of the ICTA Law", not that it does breach it. The Authority has reached no conclusions on the matter. I hope you will find that consultation document presents the issues involved in a fair and balanced manner.

Yours sincerely,

David A Archbold  
Managing Director
