Dear OfReg Consultations Group,

This is to confirm that Cable and Wireless (Cayman Islands) Limited, dba Flow, does not have further comments in addition to the ones expressed in our 25 April 2017 letter.

Flow's position is still that until there is a clear indication of market failure, we do not believe there is a need for regulatory intervention or a regulatory solution.

Regards,

**Victor Salgado**  
**Managing Director**
