Dear David,

**Re: Interconnection Agreement and Confidentiality Claim**

As you are aware Cable & Wireless Cayman Islands Limited and Wireless Ventures (Cayman Islands) Limited have reached agreement on all issues with the exception of the rate for fixed to mobile and mobile to mobile termination. In order to facilitate the timely launch of competition in the Cayman Islands, the parties have agreed an **interim** mechanism in relation to the rate for fixed to mobile termination and mobile to mobile termination which allows an overall interconnection agreement to be concluded.

**Filing of the Interim Interconnection Agreement with the Authority**

The parties hereby file the attached interconnection agreement as per Section 45 (1) of the *Information and Communications Technology Authority Law, 2002* and Section 22 (1) of the *Information and Communications Technology Authority (Interconnection and Infrastructure Sharing) Regulations, 2003*.

**Confidentiality Claim**

The Parties request that the Tariff Schedule, and in particular the interim without prejudice rate for fixed to mobile termination and mobile to mobile termination (the "Mobile Termination Part"), in the attached Interconnection Agreement be designated as "confidential". This request is made pursuant to Section 3(b) and (3)(d) of the *Information and Communication Technology Authority (Confidentiality) Regulations, 2003* (the "Regulations"). Disclosure of this information would reveal the positions taken by the Parties during confidential negotiations, and would enable competitors to have sensitive commercial information which could put the Parties at a competitive disadvantage.

The Parties claim confidentiality of this information for a period of six (6) months, and are filing a redacted version of the Tariff Schedule, pursuant to Regulation 4(1)(c)(ii) of the Regulations.

Yours sincerely,
