

OfReg makes donation to the FRC

The Utility Regulation and Competition Office (OfReg), an independent multisector regulatory authority, made a donation the Family Resource Center (FRC).

OfReg received a number of supermarket vouchers to be used as gifts for our office Christmas party, however, the staff decided to donate them to a worthy cause rather than accept them.

According to OfReg' s CEO: "we recognize the important work carried out by the FRC in the

community and are pleased to support their efforts” . I am also very proud of my team, who chose to celebrate the Christmas season by thinking of others by giving, rather than receiving” . Ms. Fewless-Thompson expressed her gratitude for the vouchers and stated these are welcome gifts for those in need.

Attached is OfReg CEO Mr. Malike Cummings, and FRC Programme Facilitator Ms. Julianne Fewless-Thompson.
